

Back to School!

It is that time of year again that we start heading back to the classrooms to share our knowledge and passion about Computer Science. This is an exciting time in our subject area. There are a lot of initiatives in the work at all levels. From the expansion into Cyber Security to the new CS Standards from the state, keep an eye out on how you can get involved.

We have reached out to the state level contacts and there are several things still in the works, however, if you are curious about what is available, please check out the information that has been posted. [CLICK HERE](#)

As we receive more updates, we will pass them along in our future newsletters.

Upcoming Events/News

- Have a favorite lesson or one you think works well? Share your review of it! Next month we will be accepting reviews for you to share and make available to our CSTA Chapter Members.
